

FALL FORAGE BLEND

BROWNIE BRAND[®]
"PROGRAMMED FOR PROFIT"

Fall Forage Blend is a premium seed mixture designed for optimal grazing and forage production. This balanced blend of wheat, oats, rye, and triticale is ideal for fall planting, enhancing cattle nutrition and supporting robust forage growth throughout the season.

Blend Composition

Wheat	25%
Oats	25%
Rye	25%
Triticale	25%

Recommended Planting Instructions

- **Seeding Rate:** 100-120 lbs per acre
- **Planting Depth:** 1-1.5 inches
- **Optimal Soil Temperature:** 45-65°F (7-18°C)
- **Soil Preparation:** Ensure a well-prepared seedbed with proper seed-to-soil contact.

Usage Recommendations

1. **Grazing:** Ideal for rotational grazing systems.
2. **Forage Production:** Suitable for hay or silage production.

Benefits

- **Versatile Planting:** Suitable for fall sowing.
- **Nutritional Value:** Provides high-quality forage with essential nutrients for cattle.
- **Enhanced Growth:** Optimized blend for robust, healthy pasture development.
- **Adaptability:** Thrives in a range of soil types and climates.
